Website Address: www.CPEG-Inc.com

Product/Service Description: CP Environmental Group, Inc., (CPEG) has a solid history of providing quality and cost-effective environmental services = "**business solutions for environmental challenges**". The CPEG team realizes that our site-specific project goals must be consistent with the client's business philosophies, fiscal limitations and operational schedules, while still meeting applicable regulatory requirements and optimizing positive public relations impact – we consider each of these factors when developing the appropriate "business solution" for projects. CPEG services include: environmental site assessments; hydro/geologic characterization; remedial investigation (RI); risk assessment; environmental remediation design & implementation; asbestos, mold, lead & hazmat inspection and abatement management; construction inspection & demolition management; environmental compliance plans & monitoring including media sampling/reporting (soil, air, groundwater, etc.); storage tank management; and brownfields investigations and closure including Act 2. CPEG is an award-winning WBE, DBE and 8(a) certified firm, named as one of the Top 100 diversity-owned businesses in Pennsylvania.
