opportunity starts here.

The **Diversity Business Resource Center (DBRC)** is a business resource center that provides a single point of contact for minority, women, and other disadvantaged business owners (MWDBE) who seek information and referrals to start, sustain and grow their businesses.

The **DBRC** accomplishes this through:

- **One-on-one consulting** from strategic partners such as the SBA Women's Business Center, the University of Pittsburgh SBDC, Allegheny County MWDBE Department, PA Department of General Services, US Small Business Administration and other industry experts in all areas of business development
- **Seminars** focusing on issues relevant to MWDBE businesses
- Opportunities to **network** with other clients, purchasing and economic development representatives on a regular basis
- **Legal Clinic** in partnership with Meyer, Unkovic, & Scott, LLP
- **Notification** of contracting and networking opportunities
- Availability of **conference rooms** for meetings and small trainings
- **Advocating** for MWDBE issues
- Conducting or participating in MWDBE **strategic planning**
